HAMLIN, JONES COUNTY, TEXAS, FRIDAY, SEPTEMBER 25, 1942

NUMBER 47

27,000 Surgical Dressings Wanted

Mrs. George E. Pryor, Stamford, county surgical dressings chairman, emphasizes that women all over Jones County are urged to attend an institute in Stamford to learn Red Cross standards for making surgical dressings, 27,000 of which are to be prepared this month, work to start October 5th. The room must keep twenty-four women busy at all hours of the day to complete the task assigned, and groups are asked to sign up for regular time.

A general meeting of all interested women of the county in Red Cross surgical dressings is called for October 1 in Stamford at the High school auditorium, 4:15 P. M.

Hamlin Fire Boys Want You to Listen

Sunday at 2:00 o'clock a special radio program will be put on in Austin to dramatize the work of the Auxiliary Firemen in the plan of Civilian Defense.

Don't forget it. Listen and tell at least one fireman in Hamlin.

Say, didn't you know the firemen are being taken into the army—it is important now to listen and help.

Mr. and Mrs. Leonard Sowell are parents of a daughter, Lenda Elaine, born Thursday afternoon, September 17 in an Abilene hospital. Mrs. Sowell and baby returned home Wednesday.

Mr. and Mrs. Walter L. Cash, and Mrs. Cash's sister, Mrs. C. P. Stevens and husband of Merkel, spent last week visiting S. P. Stevens and wife. Mr. Cash reports a dandy good time in the "City of Soldiers."

HARLEY SADLER and his own company will pay his annual visit to Hamlin for 3 nights, starting Monday, October 5th. The Sadler show will be sponsored by the local Fire Department.

District Governor of Rotary Is Coming

Chas. E. Paxton

The Rotary meeting usually held on Wednesday at noon was deferred till next Tuesday night, at which time the District Governor, Chas. E. Paxton, of Sweetwater, will be present. Governor Paxton will also meet with the Hamlin Club on Wednesday of next week. This makes two meetings come right together, but to have met this past Wednesday would have made three within one week.

Hamlin Fisherman Gets "Sat Upon"

This is not exactly a fish story, but a real good one on a Hamlin fisherman . . . his name is S. D. McMahon, more often called "Doke".

Doke McMahon is a pioneer jeweler of Hamlin, started here about 35 years ago. Doke likes to fish, and often steals away with some pal and takes refuge on the lakeside west of town.

Tuesday evening as the twilight crept on Doke had settled on the bank of the lake, pole hanging out, and near by was Henry Jackson, both evidently very, very quiet.

All of a sudden something like unto a blackout happened to fisherman Doke. From up in the sky a big bird, a stork, or crane or something of that order, made a stuka dive upon Doke's head. Now that is proof that the bird thought Doke's head was a stump by the water's edge, and so here's a nice place to stop for the night, or for a rest. Flop, the big bird spread out its big feet and spread-out wings on poor old Doke's head. Jackson was the official observer and saw the performance. By the time Doke recovered the scared bird had realized its mistake. Doke says this was the first time in his life he had really been "sat upon".

Mrs. Clarence Bailey is in California to visit her sister, Mrs. Jim Cox and her soldier son, Clay Bailey. Also she will visit a married daughter, formerly Callie Jo Bailey.

The HERALD handles quite a nice lot of office supplies. Ask us.

Farm Machinery Board Is Named For Jones Co.

Recently the rationing of farm machinery has been delegated to the Secretary of Agriculture, who in turn has designated the various war boards throughout the nation to appoint Farm Machinery Boards in their respective counties.

In the procedure set up for the appointment of this board, the chairman of the AAA committee who is in turn is the chairman of the War Board, is automatically chairman of the Farm Machinery Board. The following is a line-up of the Farm Machinery Rationing Board for Jones County as selected by the War Board September 21st: J. F. Walker, Stamford, Texas, member.

W. H. Bicknell, Merkel, Texas, member.

M. H. Castleberry, Hamlin, Texas, Route 3, alternate.

V. H. Giles, Anson, Texas, alternate.

J. W. Griffin, Avoca, Texas, Rt. 2, chairman.

Hamlin Pipers Down Rotan Gridmen Here

SCORE 13 to 0

Last Friday night the local fans were treated to the first foot ball game of the season on the gridiron at Pipers Field when the Hamlin High school team was lined up against Rotan's eleven.

The game got off to a slow start, and most of the play was on Rotan's end of the field, much of it near the goal line the Yellow Hammers were defending.

In the second quarter the Pipers were marching steadily toward a touch down when the ball was fumbled on the 2 yard line, with Rotan recovering. On the next play the Pipers blocked a punt and recovered behind the goal line for a touch down. Try for extra point was no good.

The second and final touch down of the game was made by Hamlin when the stage was set by a Rotan fumble on their own 30 yard line, which was recovered by Hamlin. A pass for 15 yards, one for 8 yards, a 5 yard penalty on Rotan and a short line buck put the ball over. Witt completed a pass for the extra point. Score, 13 to 0, Hamlin.

SUMMARIES
HAMLIN: Completed 5 out of 12 passes for 47 yards. Punted 6 times for an average of 30 yards. 6 first downs. Penalized 4 times for a total of 30 yards. Yards rushing, 108. Yards lost from scrimmage, 21.

ROTAN: Completed 7 out of 12 passes for 46 yards. Punted 13 times for an average of 33 yards. 2 first downs. Penalized 4 times for a total of 40 yards. Yards rushing, 35. Yards lost from scrimmage, 30.

NEW MANAGER FOR THE SAFEWAY STORE HERE

Horace Justice, of Graham, arrived Wednesday to take over the management of Hamlin's Saway Store. Pat Marlowe, the popular manager for a long time, feels the urge to get into the Air Service and will join up next week.

Elmer Brewer left last Friday for Amarillo to be ready to enter the Pan-Tex Munitions school for this next six weeks. Then he will enter into the plant to help produce bombs etc. Elmer was formerly Night-watchman for the City and returned to his blacksmith shop, till iron played out . . . and now . . .

Herbert Kennedy writes from Amarillo that the ammunition plant up there turned out its first bomb on Sept. 17, and now a shipment is made daily.

Uncle Sam Requires Payment of Car Tax

Last week a deputy Collector of Internal Revenue, Mr. Will H. Talbot of Abilene, was a visitor in the Herald office and we would infer that he was slipping a hint to us that some folks are trying to avoid paying the Federal government some taxes.

He has found several cars without that Federal Stamp on the windshield. He implied that he was acting "soft" with such fellows, who plead ignorance, or I just forgot, or maybe "I lost it". From what we learn about enforcing this part of the law, the Deputy is not going to be so soft-hearted in the future.

This is a period of WAR, and paying the government what is due is part of loyalty. Ignorance is no excuse.

So if anybody is looking for trouble, just keep on trying to beat Uncle Sam out of what you are due to pay.

There will be a little slip on your car summoning you to appear in Abilene, on a certain date, and answer why you should not pay a \$25 fine, serve 30 days in jail, or both for not getting one of those pretty Car Stamps that were due June 31.

Baptist Revival Will Close Sunday Night

Friday night is designated as High School night in the revival now in progress at the First Baptist church. Students of the local high school are given a special invitation to attend.

Sunday marks the close of this series. You will want to hear the remaining messages of our visiting preacher, Rev. Aubrey Short.

H. E. East, Pastor

James Milsap and wife of Abilene were "up home" Saturday for the week end with Mrs. Milsap's parents, Mr. and Mrs. T. F. Campbell at Plasterco. James is working for the West Texas Cotton Oil Mill. His father, T. P. Milsap, is working in the army hospital at Camp Berkeley.

Pick Cotton Carefully

College Station, Sept. 22—Texas cotton farmers and handlers were urged today by the Texas USDA War Board to be extra careful in picking and handling of this year's cotton crop.

"Careful picking and handling of this year's cotton crop is of A-1 importance because of the record need for high-grade and long staple cotton in this country and the drop in demand for low-grade and short staple cotton," the War Board advised members of county boards.

Heavy military and civilian demand for cotton textiles have resulted in a greater need for high-grade and long staple cotton than ever before by domestic mills, the board declared. In addition, widened market premiums and discounts make it much more profitable to guard against unnecessary lowering of grade.

Variation in the care of handling cotton often can raise or lower the quality of a bale by one or two grades, the board's statement continued. Since grade and staple premiums and discounts have widened so much, present market differentials work more to the advantage of the higher grades and longer lengths than at any time during the past 10 or 15 years.

(Editorial Note: There is no such "animal" as picking cotton carefully any more in West Texas. In South Texas where the crop is about gathered, one Jones County gin bookkeeper, reports he had finished down there, handling 2,500 bales, all picked cotton).

Lubbock Flying School—Notice

Men of Anson, Hamlin, Stamford and Jones County who desire to enlist direct into the Air Forces will have the opportunity to discuss the many advantages of the Air Forces when a representative of the Lubbock Army Flying School will be at the Anson Chamber of Commerce office on Saturday, September 26th.

Enlistment at Lubbock Army Flying School is open to those between the ages of 18 and 50, married or single. Minor physical disabilities are waived, so that those classified as 1-B may now enlist direct into the Air Forces and help to "Keep 'em Flying". There are family allowances for married men and promotions usually are rapid.

Anyone interested in enlisting at the Lubbock Army Flying School should contact their representative on Saturday when Sgt. G. D. Triplett, formerly of Anson, will be there for interviews. Especially wanted are those who are mechanically inclined—if you've changed spark plugs on your car or farm tractor—they are changed in the same manner on an airplane motor.

Here is the opportunity to discuss your enlistment into America's fast growing Air Forces, whether farm mechanic, clerk, cook or radio man. There are over 128 different classifications of occupations from which men are needed.

P.-T. A. Announcement

The Elementary P.-T. A. will meet Thursday, Oct. 1, immediately after school at the Grammar school building. Mrs. Joe Simpson is our program chairman.

Mrs. Simpson has promised us a most interesting program for Thursday, as well as for the entire year. All parents are urged to attend.

The Navy and Army Are Calling For Men

This week, Tuesday, nice looking Navy Recruiting officers were in Hamlin—so also the Army was represented.

The Navy Signal Corps is calling for expert technicians—"Get the Message Through".

The Navy contemplates building many bases over the world and almost any able-bodied man who can drive a nail, handle a brush or do anything, is wanted. But the service may be just anywhere the army and navy may need bases.

The Army recruiting officer

COL. C. K. RHINEHART

States that the recruiting service has as one of its prime objectives the procuring of specialists and specially trained men to fit into jobs in the several Arms and Services, where these skills are indispensable to the successful prosecution of the war.

29 Jones County Men Are Sent to The Army

The following men have been sent to induction station by Jones Co. Local Board, Anson, Texas, and were accepted:

William Taylor West, Henry Irvin Blacnet, Webster Doras Herndon, Clyde Lorrain Jones, Lewie Ray Shaw, Wilfred Otto Nauert, James Thomas Embrey, Henry Thomas Smith, C. D. Mayfield, Jr., Melvin Motley, Ambris Murray Hill, Alpha Omega Butler, James Earl McCoy, Jr., Jack French, Odie Odee Martin, Ernest Cecil Butler, Harvey Alexander McDougle, Roscoe Vernon Hampton, Nati Escobedo, Ambrosio Seballos, Trine Contreras, John William Henry Archer, William Robert Wilcox, Henry Franklin Martin, Guy Clayton Watkins, William Franklin Wilcox, Doyle Fletcher Hammock, Travis Madison Hash, and Reuben Perez Aguilar.

If You Miss Your Paper Next Week

If you miss getting a paper after this week, you will remember that an EXPIRATION SIGN was by your name this week. Don't worry unless you know your time has expired.

It is absolutely necessary to keep all subscriptions paid jam up these days. It is absolutely necessary to have the proper addresses on all papers for the mails are crowded already with correct addresses, and they have no time to carry undeliverable third class pieces.

So there are two things to watch. The expiration dates and furnish us with changes of addresses.

Business Opportunity

For
New Business or Established Merchant

LARGE NATIONAL CORPORATION HAS OPEN FRANCHISE IN HAMLIN

The business embodies a varied line of highly salable and necessary merchandise and assures you sufficient quantities and lines of goods to produce volume sales.

The company you will represent furnishes equipment, fixtures, supervision and proved sales programs that positively insure a successful business. It further provides a national radio program and engages national advertising in all leading magazines at no cost to dealer. It shares the expense of local newspaper advertising.

The company is interested in securing a dealer in HAMLIN with \$3,000 to \$6,000 capital or installing our lines of merchandise in reputable established mercantile store that wants to increase its profit possibilities and identify itself with one of the country's most outstanding quality merchandisers.

If you are interested in going into business or increasing the profit in your present business from 10 per cent to 20 per cent net profit attainment, write for further details at once.

A complete model store is currently set up in Dallas for your inspection and full investigation.

Write today without delay as this franchise together with a limited number of other cities will be available for a short time only. Address your inquiry to:

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

THE WAR— As We See It,

The talk this week is how the Russians are holding on to their city of Stalingrad.

Imagine a city of stone, brick, and lumber, as large as St. Louis, Mo., being under the pounding of cannon and air-borne bombing. Fire, explosions, death on every hand.

Several weeks ago this column ventured that maybe the Russians would hold the Germans out from the Caspian and the Caucasus oil territory, and that before the Germans could get it many a thousand would fall within the bend of the Don. Germany has paid dear for all the misery they have inflicted upon the Russians.

Just think of an army more than a 1000 miles from your city coming in and scrambling over your streets, your homes and loved ones trying to run you out of the place. That is what makes a self-respecting population like Stalingrad fight. The invading hussars should be smothered in their own stinking dead flesh.

Yes, the Germans (note that this paper is NOT going to say Nazi any more). Why? Why should a people lose their identity by some political party termination? Yes, the Germans will take Stalingrad. No city can stand up under the constant explosions of tons of steel. So Stalingrad will be silenced, just like Sevastopol and a hundred other great cities . . . and as we have said months and months ago, there has not yet been any nation strong enough to stand up long against Hitler's machine.

America, England, and a dozen

other peace-loving nations are soon to have the greatest death-dealing war machine in all the world, and the only thing now to fear is that somebody's soft, pussy-footing heart will melt down and stop what we are building up when the dirty murderers start yelping that they want to stop.

Up to this time Our Nations have been needing TIME but from here out time is on OUR side, and it is better to delay the slaughter of the enemies of freedom a few weeks or months and then slowly crush them than to rush in and get a million or our boys killed.

The chief thing for us Americans to do is to keep a hard heart and keep building, and stop growling and snarling at each other. It is now clear that without the United States old Hitler and his German hordes would have licked the whole world. We have nothing to crow over, only that our nation was cast across the oceans so far that he could not get to us.

From here till the end is in sight this country had as well expect more and more tightening up of every factor of life. Sacrifices yet unknown, or unexpected will gradually creep upon us. No one should expect or be permitted to "make money as usual." No one who is really a patriot will kick about small things as he sees them in his narrow channel of life.

Every regulation, no matter how small, will work a hardship on some business or some class. It simply can not be helped.

Before this war is won, our streets and community places will look sad and gloomy, because our young men and many young women will be "away over yonder" fighting this war, leaving only the old and very young to carry on the affairs of civil life. But already we can hear growlings that this should not be done or that should not be done, or that it is being done the wrong way.

Did you see the sad, pitiful, earnest face of the President the other night as he explained on the screen why we must regulate prices, both labor, salaries, farm work and farm products. Yet, on top of all that, croaking has set up. This and that is not fair. Right now every well wisher of this nation should keep an ear on what his congressman or

ROAD TO VICTORY!

OUR VALLEYS OF DECISION

By Louis Bromfield

"This is a new kind of war, a war for which we have as yet been unable even to find a name. It marks a turning point in world history, the most enveloping and decisive turning point there has ever been, because the decision involves the whole future of civilization.

"The future of civilization is a vague and tremendous and oratorical phrase. Interpreted and broken down, it means the freedom of yourself and myself, whether we shall be allowed to live in a decent fashion, enjoying liberty and prosperity and human dignity, involving the future of the very house we live in, the happiness and well-being of our children, the opportunities of young people and all the comfort and security of the old. It affects how we

senator is doing and saying in Washington. Partyism! The heck you say! There's no time or place for "party". If every guy is not in this fight he had better get ready pretty dog-gone quick.

shall worship God, and how and whether we can live in decency with our neighbors. We can help, all of us, enormously, by lending to ourselves the money which is necessary to win this war, by testifying to our confidence in our own ROAD TO VICTORY—CUT HEAD country, our own battle. War Bonds and War Stamps are weapons exactly as tanks and guns are weapons. Buy now, not tomorrow or next day, but now—to save what God gave us and what we have fought for since our country became a Nation—BUY WAR BONDS."

NOTICE

Dr. Baker's office visits for 1942, Hamlin Hotel, are: Wednesday, October 14th Wednesday, November 11th Wednesday, December 9th

A Bigger and Better New Ship Lexington

Following the Navy Department's announcement last Sunday of a whirl-wind two-weeks "Lexington Volunteers" recruiting drive to mark the launching this Saturday of the new aircraft carrier USS Lexington, Lieut. L. H. Ridout, Jr., officer in charge of the North Texas District, tossed the challenge to all men, young and old, who have been debating "when to join".

"As Secretary Knox has said, now is the time to enlist, now when you are given the opportunity to do something about the sinking of the great carrier, Lexington," Lieutenant Ridout emphasized.

"Texas has not been found lacking thus far in manpower for American naval forces in this war, and I am confident that our state will not let down its Navy during this inspiring campaign before us," he continued.

"Every man recruited in North Texas between now and October 3, will become automatically a 'Lexington Volunteer', something that should fill hearts with pride," he reminded. "As mementoes which these latest volunteers may cherish forever, we will issue to each new recruit special certificates signifying reasons for enlistment.

"In the words of Secretary Knox, 'the outstanding performance and devotion to duty displayed by the men of the old Lexington furnish a shining example of how true Americans should respond in these perilous times when our free institutions are threatened.'"

Listen To This

Lubbock Army Flying School—Anyone mechanically inclined, even though he has some physical defects, is now eligible for enlistment direct into the Air Forces.

Partial blindness in one eye, partial deafness in one ear, insufficient teeth, loss of a thumb, loss of as many as three fingers on one hand, and other physical disabilities are now waved. Anyone in the 1-B classification between the ages of 18 to 50 is now needed in the Air Forces, even though not physically qualified for general military service.

Now is the time to enlist and either Captain W. B. Marschner of the Lubbock Army Flying School or Lt. Warren Freeman of the South Plains Flying School will be glad to discuss the many advantages of enlisting direct into the Air Forces. There are now family allowances for men with families and promotions in the Air Forces are usually rapid.

As A Salute To Our Heroes

About Soldiers--Sailors

A short note from Sgt. F. E. Lindsey tells the Herald to change his address to Sgt. Lindsey, Btry. B 346th Bn 91st Div., Camp White, Oregon. This is another Hamlin boy who likes to keep up with his playmate friends in the army and navy. Lindsey says he is sure the Jones Co. boys will give a good account of themselves when they get going. He says, "I know when the 91st gets over there we are going to make somebody move on and it will not be long now."

— S & S —

Thank you, Bill McGough, for your letter from the Naval Pre-Flight School at Athens, Ga. Bill says, "During these 12 weeks, we are training, we take just about the toughest physical training as anyone in the service. When we leave here we are trained fighting men, whether it is with machine guns or hand-to-hand fighting . . . If you get through it all, I think you can truthfully call yourself a MAN". All this means our boys will be in position to put up a scrap back home if somebody gets too smart.

— S & S —

Harley Scifers and mother, Mrs. C. M. Scifers of Gilliland, spent Saturday and Sunday visiting Mr. and Mrs. Sol Branscum and other relatives. Harley is stationed at New York City with the Merchant Marines.

— S & S —

Mrs. Sol Branscum received a card this week from J. E. Branscum who volunteered two weeks ago in the air service. He is now in training at Goodfellow Field, San Angelo. Before entering the service he was employed in the Hardware Dept. of Bryant-Link Co.

— S & S —

Two Hamlin men, Travis B. Dean and Jack S. Russell, have just reported at the large Lubbock twin-engine advanced flying school. They enlisted last week under the current recruiting drive.

Dean has been practicing law in Hamlin for the past few years, is a former member of the Legislature and prior to that was superintendent of the Knox City schools for 6 years. He is a graduate of the University of Texas. His wife resides in Hamlin.

Russell is the son of Mr. and Mrs. W. C. Russell and was employed at the bank prior to his enlistment. A graduate of the Hamlin High school, he attended John Tarleton College. His wife is the former Josephine Saladin of Anson and Mrs. Russell is now residing at Anson with her parents, Mr. and Mrs. W. C. Saladin.

Both men are planning on moving to Lubbock.

— S & S —

T. Corp. W. C. West of Ft. Knox, Kentucky, has been at home on a week's furlough with his parents, Mr. and Mrs. J. H. West on Route 3. He is in the Medical detachment.

— S & S —

Alvin Hudson who has already served three years in the army, is taking a new hitch in the Army Air Corps, as a radio technician this week. He will likely be sent to Lubbock.

Well sir, it is now Lieutenant Bert D. Locke. This Hamlin boy is better known as "Bub" and by some as Durwood. He received his commission at Ft. Sill, Oklahoma. We understand that he has joined the parachutists and was sent to Ft. Benning, Ga., for further training.

— S & S —

William R. Wilcox and William F. Wilcox—first the uncle and second the nephew, are "furloughing" at home pending their induction at Camp Wolters on Sept. 30th. They were drafted Sept. 16th.

— S & S —

Leonard Sowell writes from his navy address at San Diego saying that he is still in the school for aviation ordnance and hopes to finish with Third Class Petty Officers' rating. Then he hopes to be sent back to Texas as a Naval Bombardier. "Please pass my address on to some of the old 'Ex-Pied Pipers' who are scattered around all over the country . . . I'd like to hear from some of them." (Note: Evidently Leonard had not learned a baby girl had been born to his wife at the Abilene hospital, Thursday, Sept. 17th.) O yes, here he comes! Leonard arrived Sunday afternoon to see that baby.

— S & S —

FROM AUSTRALIA?

Those V . . . mail letters do not exactly tell us where our boys are but putting a few figures together we get the idea. Now for example here's one from B. Payne, AM, 3-C USN, care PM, San Francisco, dated Aug. 30th.

"Have just been reading some copies of the good old Hamlin Herald which I received recently. I suppose the reason I enjoy it so much is because it's more or less like getting a letter from home. Boy! It sure makes a fellow feel good inside to know that the folks back home are backing us to the limit.

"Something else I like about the Herald—it is one way for me to find out what the other fellows are doing and where they are. I noticed that Charles Prater is here too, so I'm glad to know there's others from Hamlin in this same neck of the world I'm in.

"Well, it's about time for lights so I'd better knock off and hit my sack. You'd be surprised how fast time goes between now and when the boatswain yells, 'Hit the deck, sailors!'"

I Am The American Soldier

I am a mother's son. I am the pride of a family and part of a home. I love my life as you love yours. I am a youth in years and experience in life, yet I am a gambler, betting the highest stakes that a man can wager—my life. If I win, you win; if I lose, I have lost all. The loss is mine, not yours; and there is a grieved mother, a saddened family and a broken home to which I can never return.

I ask only for the Godspeed and support of my Nation in return for laying upon the altar of my country my all. Will you bet your gold while I bet my blood? Will you hazard your wealth while I risk my life?

I AM THE AMERICAN SOLDIER

NOTE: The above was written by Edward Markham, editor of the St. Peter (Minn.) Herald, the night before he enlisted in the Army in 1917.

Fabric Waste Probed

WPB officials plan an investigation of violations of the men's and women's clothing simplification orders by manufacturers making "zoot suits" for men and "juke" coats for women. Worn mostly by jitterbug dancers, the "zoot suit" features a coat which comes almost to the knees and trousers that have a high rise and are full at the knees. The "juke" coat is a very long jacket. Large amounts of fabric are wasted in both garments.

Bicycle Dealers Warned

OPA has warned dealers selling used bicycles that their sales are regulated by the General Maximum Price Regulation and their ceiling prices must therefore be the highest prices charged in March this year. As there were no restrictions on the sale of new bicycles in March, prices for second-hand machines were considerably lower at that time than the prices for new bicycles.

Mr. and Mrs. Clee Barnett of Brownfield are spending the week here with their parents. Clee is fixing to get into the army next week.

S. C. Ferguson has enrolled in A. & M. College and is settling down to a solid year of work. He is a graduate of Hamlin High school.

Stitch and Chatter Club Disbands

The members of the Stitch and Chatter club attended a call meeting in the home of Mrs. L. H. McBride last Friday and voted that the club disband for the duration.

The motion was also carried that each one spend as much time as possible doing Red Cross work.

The club's treasury consisting of seven dollars was donated to the Red Cross.

—Reporter

A Plan to Protect Agriculture After This War

For years the tragic results of the expansion of food-producing acreage during World War I has haunted American agriculture. Every farmer, as a matter of patriotism, interrupted his rotation of crops to produce food and more food for our armies and our Allies. Now again in World War II, to feed our soldiers and our Allies and to serve the special demands of war industry, we are dislocating our normal production as a matter of patriotic service.

It seems plain that by the end of this war American farms will have created a tremendous surplus production power which ordinary peacetime requirements will not absorb. By the end of 1942 our overall average increase production over the average for the last 10 years will be more than 21 per cent. How then can American agriculture side-step a post-war farm tragedy even worse than that following World War I?

Experiments in Rubber and Other Products

Our Government is now experimenting with domestic sources for rubber. Some sixty thousand acres are devoted to the production of guayule and its possibilities as a source of domestic rubber. Emergency plants for the production of thousands of tons of synthetic rubber from oil and alcohol are now springing into production.

We have learned how to make paper from slash pine and starch from potatoes. We are learning how to raise medicinal herbs which we formerly imported.

Denied the use of kapok which was imported from the East Indies and used in life preservers, we have discovered that the floss from milkweed makes better life preservers than kapok ever did. Factories have been built and several thousand acres are now devoted to raising milkweed intensively.

Already we are producing tung oil successfully. Thousands of acres will be needed before we can supply even our present domestic market.

Luckily, we have at hand the National Farm Chemurgic Council, an organization of research chemists from our several industries who compare notes and gain new enthusiasm in the research for new uses of old crops and new crops which can be cultivated in America. Our government has established regional research laboratories.

More than fifteen thousand different kinds of plants grow in the natural state in the United States. We use less than three hundred of these plants. Farm chemurgy will not be complete, nor the post-war problem of agriculture solved until every plant is re-examined in the light of modern science and made to serve its part in contributing to the comfort, happiness and security of our America of the future.

A Plan That Deserves Support

The United States Senate is considering a plan which will require the use of 20 per cent of war profits during the war for the purchase of Recovery Bonds by each company in order to have available the necessary cash to quickly change their business and industrial plants back to peacetime activities at the close of the war and to adjust the employment of their normal number of factory workers.

This percentage of war profits could also be used in a broad plan of research by industrial chemists to develop new uses for products of the farm by our domestic industry. If our industry has the knowledge and the money in hand to convert an all-out war effort to peacetime production, maintain employment and launch the new products discovered by science, we have a reasonable chance to absorb our farm surplus even in the post-war period.

Depression hit our rural areas longer and harder than our industrial areas. Our hope for the security, happiness and prosperity of Rural America is at stake. If we can develop this practical plan for taking care of our surplus in the after war period, we can go forward unafraid in an all-out production effort for the winning of this war and in providing the food necessary for starving people in the after war period. We will know that we have provided an ever-expanding America with new crops and new uses. Worth thinking about.

WISE CHAPEL NEWS

By Catherine Drake

Old Man Winter came Friday night, and with a rain which was not wanted. It stopped the cotton pulling for a few days.

Mr. and Mrs. Ike Dixon of Flat Top visited Mr. and Mrs. Dave Herbst Sunday.

Mr. and Mrs. Joe Bonds visited Mr. and Mrs. Grover Smith and Miss Minnie Hayes of Flat Top Sunday.

Miss Doris Riddle of Washington D. C. is visiting her parents, Mr. and Mrs. Ralph Riddle and family.

Miss Faye Neill spent the last of last week with her sister, Mrs. Junior Patterson of Hamlin.

Mr. and Mrs. Alton Hewett and family have moved to the Carter place.

Mr. and Mrs. W. E. Newland and family of Tuxedo have moved on Mr. Ezell's place.

Mr. and Mrs. Carl Bingham of Neinda spent Monday night with Mr. and Mrs. Tom Neill and family.

Mrs. Watson and son of West of town spent Sunday with her daughter, Mr. and Mrs. Clyde Whitaker and family.

Agriculture and Labor

"Agriculture has excellent reasons to take concern for the welfare of labor," says Wheeler McMillen. "The situation after the war is over will be of particular importance to farmers. Men earning good wages full time are much better customers than men without jobs. Men steadily employed under satisfactory conditions are far less likely than men without work to become the prey of men who agitate for strange kinds of government. Agriculture ought not, therefore, to develop hostility toward labor and toward labor organizations as such. A wiser course would be to try to use agriculture's influence for correction of those abuses which do no good either to laborers, farmers or the nation."

America's Real Stimulant

"In the United States, every man's value is determined by his activity, and every man is given the opportunity to develop his abilities. An American's real stimulant and pride consist in being a self-made man, in fighting, and in winning the fight."—Javier Prado.

Miss Mignon Waggoner came up from the North American airport last Friday for the weekend with her mother, Mrs. Kenneth Scott.

Garland Preston who is working in the North American plant at Grand Prairie, spent the past week end at home.

Mr. and Mrs. Jack Johnson are happy over the arrival of a pretty daughter, at their home in McCaulley. Her name is Laura Elizabeth—birthday September 24th.

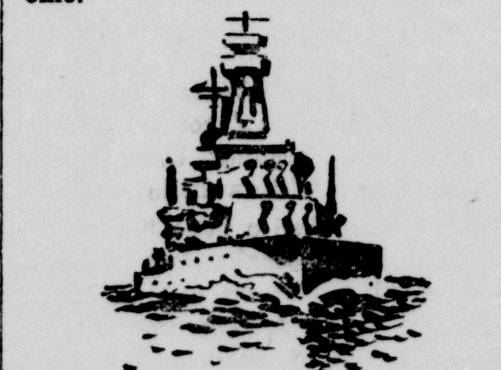

Mrs. Richard Hinkle and son Harry Bowen of Midland, and Mrs. Geo. Kinney of Stamford, are guests this week of their parents, Mr. and Mrs. Bowen Pope.

Clem Ball Jr. and Joe Ball, sons of Mr. and Mrs. Clem Ball, are in Austin to attend the University of Texas. Clem will be a sophomore, and Joe will be a freshman.

Mrs. O. R. Southerland of Dallas, came Sunday for a visit with her mother, Mrs. Ella McMillan and sister, Mrs. Florence Morgan.

What You Buy With WAR BONDS

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern giants of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your county go over its Bond Quota.

Mix 1 gallon with water and make 1½ gallons paint. Your cost, \$1.98 ready to apply, per gal.

NEWEST, SMARTEST PASTEL COLORS!

Created by the noted Sherwin-Williams Decorative Studios

ROCKWELL BROS. & CO.

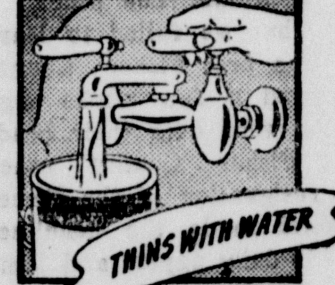

HAMLIN, TEXAS

PHONE 76

SHERWIN-WILLIAMS PAINTS

Rooms back in use same day!

1 gal. Kem-Tone makes 1½ gallons!

... Goes on like magic!

... Just use soap and water!

Perhaps your home has a room decorated with wallpaper that's getting old, faded — possibly shabby-looking. Perhaps you'd like to redecorate it quickly, beautifully and at low-cost. Then you're looking for Kem-Tone! It's today's up-to-the-minute way to transform wallpapered walls into beautiful finished, pastel-colored surfaces.

No need to remove the wallpaper when you "Kem-Tone" ... Just "Kem-Tone" right over it. No need to upset your rooms ... "Kem-Toning" takes but a few hours—no offensive odor! No need to worry about cleaning "Kem-Toned" walls, either ... Kem-Tone washes easily. In fact, you'll find "Kem-Toning" the ideal way to refinish any room—wallpapered or not!

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Louis Hopkins who enlisted in the navy about two months ago got a notice Saturday to report for active duty the first of October. Mr. Hopkins enlisted as a shipfitter 2nd class.

McCauley had a touch of winter last Friday night and Saturday a cold norther and rain had the folks looking for their heating stoves.

Mr. and Mrs. Joe Miers spent last week end in the home of Mr. and Mrs. W. W. Miers near Lamesa.

Casey Jones and Glenn Henderson have been employed at the Texas Cement and Plaster Co.

Mr. and Mrs. L. H. Boyd made a trip to Stephenville and Camp Wolters last week for a visit with their son and daughter, Joe and Velma. Joe is in the infantry and stationed at Camp Wolters and Velma is attending John Tarleton College in Stephenville.

The scrap iron men were around one day last week collecting scrap for Uncle Sam and they expect to be in this vicinity all this week.

B. F. Short was re-elected Supt. of the Baptist Sunday School last Sunday. Mr. Short has served as Supt. for eight years. Jack Johnson was re-elected B. T. U. leader and director. Ernest Webb was re-elected president of the Men's Bible Class. Other officers and teachers will be elected next Sunday.

Rev. and Mrs. Grady Adcock have moved to Abilene but will continue to pastor the Methodist Church in this city. Both Mr. and Mrs. Adcock are students at McMurry College.

The younger set of McCauley went to see the foot ball game between Rotan and Hamlin last Friday night.

Roland Stephenson of Tucumcari, New Mexico, visited his sister and family, Mr. and Mrs. Virgil Steele last Sunday at Plasterco.

We understand that McCauley has a brand new labor board and we are of the opinion that it is the only one of its kind this side of Washington, and due to labor disputes among the natives it was decided to organize such a set-up with Dick Maberry as president. Three other members of the board, working in co-operation with President Maberry, will endeavor to settle all labor disputes which occur in this community.

Fisher County has a new Draft Board and two of the members are Jack Beck of Sylvester and Mark Strickland of Rotan. The other, a Rotan man, but we failed to learn his name. The first Fisher County Board resigned a few weeks ago when Austin went over their heads to defer a Fisher County ranch hand. The resignation of the Fisher County Board made the headlines of all the big daily papers and Time Magazine, as well as the radio.

Miss Velma Lou Boyd is home with her parents for a week, then she will return to her studies at John Tarleton College.

The Senior class of McCauley High school has ordered their class rings. The kids are happy, but their Paps are \$12.00 short.

Ralph Bishop who is a Civil Service employee in Dallas, visited his wife and children in McCauley over the week end.

Mr. and Mrs. J. O. Jones visited relatives in Lamesa last week end.

Cotton pickers from South and East Texas are rolling into West Texas and we are informed that more are on the way, so maybe the farmers won't have to worry about a labor shortage this fall. But what about next?

The Home Demonstration Club met in the home of Mrs. Happy McHone Sept. 16. Recreation, by Mrs. Oliver Lee; roll call, My Favorite Flowers; report of State meeting by Mrs. Jim Jackson. Mrs. Jackson also gave a talk on drying of fruits and vegetables. Mrs. Omar Prather became a new member. Mrs. Oliver Lee was honored for the kitchen shower. It was decided that the community club exhibit would be held at the tabernacle in October. The club adjourned to meet again on Oct. 21st in the home of Mrs. Luther Maberry. An attractive salad plate was served to the following members: Mmes. Ted Abbott, Hor-

ace Barton, Jim Jackson, W. C. Jackson, Joe Miers, Oliver Lee, Ellis Eivens, Della Fancher, Luther Maberry, Dick Maberry, Frank Maberry, Happy McHone and Ray Maberry.

Ben Maberry has purchased the farm of L. R. Maberry southeast of two and L. R. plans to buy a farm somewhere on the Plains.

Tom Prichard of Hamlin has been employed by both the McCauley gins to haul cotton and seed for the season.

Some of the married men in this vicinity are undecided whether or not to start another crop as General Hershey makes it pretty plain that we must have an army of thirteen million men and from radio reports a lot of us might as well make up our minds as what to expect in the very near future.

Horses and saddles are in demand in this community and since tires are wearing out very fast it behooves all of us to look for some other means of transportation and too, goat roping is being revived and there is talk of organizing a goat ropers' club. Might as well have a little fun before we go out to meet the Japs.

O-O-O

The FBI is doing a good job in the United States. In fact, the Federal agents are doing such a job that they have been complimented by Scotland Yard. It is the duty of every American citizen to report any and all activities that seem to be un-American. There is entirely too much idle talk by pessimistic people who were whipped before they started. There are a few misinformed people who hate the Administration to such an extent that they may say or do something which will greatly benefit the Axis powers. The war matters as well as the dads are getting sick and tired of people who strive to make money and huge profits while their boys die on the battle fields or starve in Jap and German concentration camps. It is better to go all the way with Uncle Sam than to wake up in jail.

Those who gripe about tire rationing should be glad that they have two good feet to walk on. Persons who work in the vital defense plants who stage sit-down strikes should be inducted immediately into the army and sent to the front lines. Congress should have backbone enough to act on matters which are of vital importance to the war effort before waiting for the November elections. Soon we in Texas will be called upon to elect a Senator to fill the unexpired term of John Lee Smith. Let's be sure we elect a man who is not a pussy-foot and a man who is tooth and toenail for this Administration, as we can not win a war without the co-operation of all officials as well as all of the citizens. This sign hung in the Abilene Police station during the last world war: "If you don't like our country, then go back to your own country; if you don't have a country—then go to hell". And that, ladies and gentlemen, is our sentiments.

A DARDEN-O-GRAM

Drivers Licenses to Be Issued In Hamlin

Beginning Wednesday morning, September 9, 1942, I will issue drivers license in Hamlin every second and fourth Wednesday from 8:00 A. M. to 11:00 A. M.

Please give this announcement all the publicity you can in order that we may better serve the people in your community. (44tf)

Yours very truly,
Elbert W. Green, Examiner
Drivers License Division

G. W. Turner went to Dallas Monday to start a full enlistment in the Navy. He is but 18 years of age but a big huskie, probably 190 lbs and about 6 feet plus tall.

Don Coles left Monday for Brownwood where he will attend Daniel Baker College. Don will play on the Daniel Baker football team.

ROUND TOP NEWS

By Raye Shelley

After a few days' absence, a good slow rain, a few days' cotton picking, and maize heading, here we are once more with a little news.

Charles Gable had a little "scramble" with a rattlesnake last week and received a bite on one of his fingers, but he is feeling fine now.

Woodrow and William Crawford returned to their home in Hillsboro last Friday after a two weeks' visit with their brother and family.

Several people of this community are attending the Red Cross school at Hiton. They expect to take the examination Thursday night for the standard card and some will probably take the Advanced and Instructor's courses.

Bill and Terry Cooper made a business trip to Fort Worth last week end.

Mr. and Mrs. Orval Pack have recently moved to Hamlin where Mr. Pack is employed on a ranch.

Mary Nell and Billie Jo Cooper are attending Thomas Jefferson High school in San Antonio this term.

Mr. and Mrs. Buck Scott and Mr. and Mrs. Landy Jameson attended church services at the First Baptist church in Hamlin Sunday night.

Frank Allen is improving as much as possible over his illness.

Mrs. J. T. Crawford has been ill for the past week but is feeling much better at the present.

Mr. and Mrs. N. W. Carlton made a business trip to Stamford Saturday.

Dan and John West spent Sunday in the Charley Bailey home.

The mothers in this community who have sons in services all heartily agree with the Fisher County Draft Board for its actions. The following mothers wish to congratulate the Board for its honesty: Mrs. John Shelley, Mrs. Terry Cooper, Mrs. Dick Allen, Mrs. Horace

Haught, Mrs. Billie Gray, Mrs. W. R. Townsend, and Mrs. W. D. Berry.

P. R. Allen left Saturday for the army. He was inducted into service September 7, and was at home on a furlough.

Mr. and Mrs. W. R. Smith and Jaskie Reed of Spur, visited relatives here Friday.

Tell The Herald your news.
